Principal Investment Strategy

The Best Ideas strategy seeks to invest primarily in U.S. small and mid-cap companies but may also hold some large cap companies as well. The strategy invests in a concentrated portfolio of stocks that we deem to be the best ideas of the firm, based on our own research. Key material risks include the risks that stock prices could decline and that the strategy could underperform its benchmark. The Best Ideas strategy is compared against the S&P 500 Total Return.
